

The Innova Deck

PG-3000

Designed for above ground pools, the Innova deck ladder easily adjusts to pools 48" to 54". Furthermore, its clean design allows for water circulation which prevents algae formation in your pool.

Dimensions (inch) : 24W x 5D x 48H (upgradable to 54H)
Weight capacity : 114 kg (250 lbs)

The Deluxe Innova Deck

PG-3001

Just like its basic counterpart, the Deluxe Innova deck ladder easily adjusts to above ground pools 48" to 54". Its clean design allows for water circulation which prevents algae formation in your pool while providing maximum security for your kids with the side safety protectors.

Dimensions (inch) : 24W x 8D x 48H (upgradable to 54H)
Weight capacity : 114 kg (250 lbs)

The Innova BOCA ladder

PG-9000

Designed to comply with the pool industry's strictest safety standards (BOCA regulations), this self-latching and self-closing ladder provides the ultimate safety for your pool. The ladder is adjustable for pools 48" to 54" and fits all Innovaplas above ground pool steps.

Dimensions (inch) : 30W x 12D x 48H (upgradable to 54H)
Weight capacity : 114 kg (250 lbs)

The Innov-A-Frame

PG-3010

Ideal for non-deck above ground pools 48" to 54", the Innov-A-Frame ladder has the durability you want and all the safety features you need without the high price. The outer self-closing and self-latching ladder prevents unauthorized access to your pool.

Dimensions (inch) : 30W x 14D x 48H (upgradable to 54H)
Weight capacity : 114 kg (250 lbs)

The Innov-A-Frame Deluxe

PG-3011

Just like its basic counterpart, the Innov-A-Frame Deluxe ladder easily adjusts to non-deck above ground pools 48" to 54". The inner ladder features side barriers to prevent entrapment for maximum security while the outer self-closing and self-latching outer ladder prevents unauthorized access to your pool.

Dimensions (inch) : 30W x 14D x 48H (upgradable to 54H)
Weight capacity : 114 kg (250 lbs)
